

Elora™

Dual-Mode IPL® System

Hair Removal and Skin Treatments using Photorejuvenation

Elora Dual-Mode IPL System

Proven Technology from the Inventors of Intense Pulsed Light (IPL)

The Elora is an easy-to-use entry-level system designed to deliver high-demand cosmetic procedures safely and effectively.

The Elora Intense Pulsed Light system treats a broad range of face and body cosmetic concerns, including pigmentary changes such as sun damage, age spots (sun-induced freckles) and brown spots, and performs hair removal for all body areas and hair depths.

Small and portable, this system readily integrates into any practice.

ADVANTAGES

Treatment Head

- Ergonomically designed to promote user comfort
- Extended life with 50,000 pulses guaranteed
- Large 20 x 30 mm spot size for rapid treatment
- Interchangeable light guide for easy cleaning

System Design

- Integrated storage bin and adjustable tray facilitates convenient operation
- Small, lightweight system can be easily stored or moved to any location

Elora™
